**PRODUCT CATALOG**

## About us

**DNK ENTERPRISE LLP** is a young and dynamic organization working in Aquaculture sector. The people behind the organisation have expertise of over two decades in manufacturing and marketing of Aquaculture Products.

The core philosophy driving our organisation is sustainable growth through product excellence and value addition.

In a very short span of time our **AQUA HERBS** brand have crafted their own niche in a highly competitive market with high quality and Eco-friendly products.

## What we do?

**AQUA HERBS** products are known for their quality, easy application and exclusively developed for aquaculture use. For the attainment of our quality standards, we use fine quality ingredients, clean working environment and automated manufacturing facilities. All our products are highly popular in aquaculture sector.

We research, develops, manufactures and market a specialize products for aquaculture; In particular, Feed Supplements, Enzymes, Probiotic, Biotechnology Formulations, Oxygen Enhancer, Ammonia Reducer, Toxin Binders, Liver care Tonic etc.

Our highly qualified and experienced research and development team continuously working on product improvement, undertakes field trials of existing and new products to validate and support our future developments.

In addition, to manage the operations, we have hired a team of professionals, who are proficient in their respective fields.

## Zeoclean-P (Natural Zeolite for Aquaculture Ponds)

<b>Pack Size</b>
25kg

<b>Composition:</b>	
SiO <sub>2</sub>	55-65%
Al <sub>2</sub> O <sub>3</sub>	20-30%
CaO	15-20%
Fe <sub>2</sub> O <sub>3</sub>	2-5%
MgO	2-5%
Na <sub>2</sub> O	1-2%

### Zeoclean-P Benefits:

- Cleans pond bottom
- Increases dissolved oxygen
- Highest cation exchange capacity
- Purifies water quality
- Improves water quality
- Remove bad odour
- Helps in reproduction of plankton
- Better results can be achieved with lesser quantity

## Zeoclean-Pro (An Advanced Zeolite Granules With Probiotics)

<b>Pack Size</b>
10kg

<b>Composition:</b>	
Color	Off white to cream
Shape	Spherical Granules
pH of solution	7.90
Moisture	Max 12%
Bulk Density	0.91 gm/cc
SiO <sub>2</sub>	55-65%
Al <sub>2</sub> O <sub>3</sub>	20-30%
Fe <sub>2</sub> O <sub>3</sub>	2-5%
CaO	15-20%

### Zeoclean-Pro Benefits:

- Granulated form helps to reach pond bottom rapidly
- Probiotics is Ready mixed in Zeoclean-Pro for effectively carrying to the bottom.
- Instantly absorbs obnoxious gases due to high CEC..
- Increases Pond Carrying Capacity.
- Increases Dissolved Oxygen.
- Clean the Pond bottom.

## Aquapromin (Complete Mineral Supplement With Growth Promotor)

<b>Pack Size</b>
10kg

### Composition:

Complex mixture of essential micronutrients in inert form with calcium, Magnesium, Phosphorous, Sodium and Potassium. Enriched with Amino Acids and high quality growth promoters

### Aquapromin Benefits:

- Better digestibility and disease resistance
- Regulates osmoregulation
- Provide quality brood stock development
- Enriches pond water by developing plankton
- Helps to develop immune response and defense mechanism
- Optimizes FCR and maximizes productivity
- Maintain pH of pond water

## ProB-Gel (The Perfect Binder)

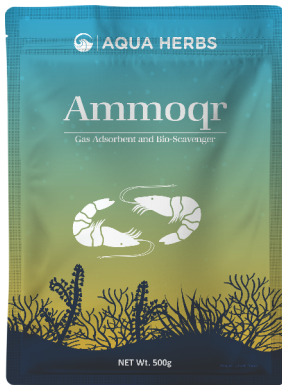

<b>Pack Size</b>
20kg

<b>Composition:</b>	
Protein	100 mg
Cholesterol	25 mg
Calcium	20 mg
Vitamin-D3	20 mcg
Carotenoid	50 mcg

### ProB-Gel Benefits:

- Binds all powder form medicinal, nutrient and probiotic supplements to the feed.
- Water stable and increases the bio availability of the feed supplements.
- Enriched with vitamins, proteins and carotenoid content, which improves pigmentation in shrimps.
- Easily digestible.
- Ensures uniform dispersion of feed.

## Ammoqr (Gas Adsorbent and Bio-Scavenger)

<b>Pack Size</b>
500gm

### Composition:

Ammoqr contains extract of plant Yucca Schidigera, ammonia binding agents and flavoring agents.

### Ammoqr Benefits:

- Inhibits enzyme Urease - Blocks the further production of ammonia.
- Binds any preformed ammonia - Immediate relieve from the ammonia stress.
- Neutralizes off flavor of ammonia or others - Removes the irritating odor due to ammonia.

## Inosoft EDTA

<b>Pack Size</b>
2.5kg / 5kg

### Composition:

Di Sodium salt of Ethylenediaminetetraacetic acid (EDTA)

### Inosoft EDTA Benefits:

- Specially Formulated chelated compound to bind the heavy metal ions which initiates hard shell in high calcium content ponds.
- Enhances softening by normalizing alkalinity and hardness. Fixes water parameter to reduce turbidity.
- Promotes moulting, growth & yield. Avoids algae clash and maintaining stable bloom in the pond water.

## Aquaprob (An eco friendly Soil and Water Probiotic)

<b>Pack Size</b>
2.5kg / 5kg

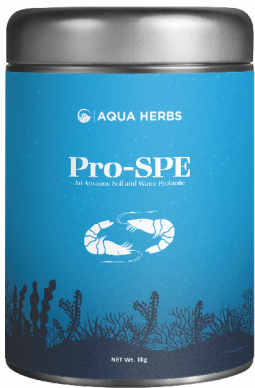

### Composition:

A blend of large number of probiotic encapsulation in bacillus etc supplements NLT 20000 Million CFU per 10 kg.

### Aquaprob Benefits:

- Competes with vibrio for attachment sites and avoids the colonization of vibrio species growth.
- Helps in elimination of toxic gases i.e NH<sub>3</sub>, H<sub>2</sub>S and NO<sub>2</sub>.
- Helps in maintaining good water quality and optimises D.O levels.
- Helps to oxidize organic matter and release nutrients for stable plankton bloom.

## Pro-SPE (An Advanced Soil and Water Probiotic)

<b>Pack Size</b>
1kg

### Composition:

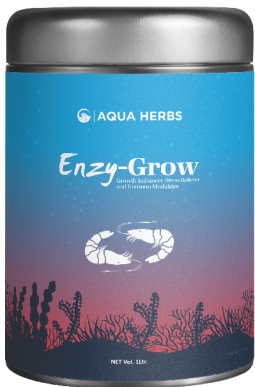

It is specially designed, synergistic blend of various beneficial microorganisms and enzymes as:

Beneficial Microorganism Name and Strength	Enzyme Name and Strength
Bacillus subtilis 0.5x10 <sup>10</sup> cfu	Protease 9000iu
Bacillus licheniformis 0.5x10 <sup>10</sup> cfu	Amylase 5000iu
Bacillus megaterium 0.5x10 <sup>10</sup> cfu	Cellulase 350iu
Bacillus amyloliquefaciens 0.5x10 <sup>10</sup> cfu	Xylanase 150iu
	Beta-glucanase 200iu

### Pro-SPE Benefits:

- Degrades a variety of organic waste
- Improves the pond environment pond water and soil quality
- Efficient and specific in action
- Cost-effective non pathogenic and safe to handle
- Easy applicable and storage
- Eco-friendly and bio-degradable

## Enzy-Grow (Growth Enhancer, Stress Reliever and Immuno Modulator)

<b>Pack Size</b>
1Ltr.

### Composition(per 1 Ltr):

Enzymes, Amino Acids, Herbal Extracts, Vitamins, Micronutrients, Proprietary growth promoting factors and Minerals

Composition(per 1 Ltr):	
Vitamin A	20,500.000 iu
Vitamin D	5,500.000 iu
Choline Chloride	5,000 mg
Vitamin E	9,500 mg
Vitamin K	4,100 mg
Folic acid	1,000 mg
Dicalcium phosphate	20 gm
Glutamic acid	26,500 mg
Glycine	15,000 mg
Methionine	11,100 mg
Lysine	20,000 mg
Arginine	14,300 mg

### Enzy-Grow Benefits:

- Rapid feeding
- Ensures faster body weight gain
- Ensures healthy shrimp
- Improves FCR
- Improves the digestibility of the feed
- Lowers feed costs
- Improves shrimp quality

## Oxy Boost (For Enhancement of Dissolved Oxygen)

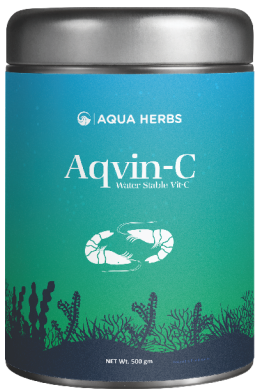

<b>Pack Size</b>
500gm

### Benefits:

- Oxyboost releases required amount of Oxygen and helps in restoring the pond bottom.
- Controls white gut
- Oxyboost is specially made for safe use in

## Aqvin-C (Water Stable Vit-C)

<b>Pack Size</b>
500gm

### Aqvin-C Benefits:

- Provides stable and bio-available vitamin C.
- Improves survival rate.
- Accelerates growth.
- Improves food conversion ratio (FCR).

## Biosantz+ (A Super Sanitizer)

<b>Pack Size</b>
1kg

### Biosantz+ Benefits:

- Granular in form
- Increase OXYGEN at pond bottom
- Induce Plankton Growth
- Stress free product

### Composition:

Specialty formulation consists of Tetraacetyl ethylene diamine, Sodium perborate, adsorbants and de-odorizers in suitable concentration.

### Application

For best results use Zeoclean-P before or after Oxyboost usage. Dosage and application can be adjusted based on conditions prevailing in pond or consult our field staff/your aquaculture specialist for specific usage and directions.

- aquaculture.
- Controls running mortality
- Oxyboost relieves the shrimp of stress immediately.

### Composition:

Sodium calcium L-ascorbyl 2-polyphosphate

- Increases body weight.
- Helps in skeleton formation through the absorption and utilisation of calcium by gills, bones, muscles and skin - the major sites of Ca uptake and storage.

### Composition:

- Potassium Monopersulfate compound : 50%, Sodium chloride : 0.5% , Buffers, Surfactant, detergents and descalants as Q.S.

### Effective Against:

- Gram-positive bacteria
- Gram-negative bacteria
- Viruses
- Moulds and Yeasts
- It prevents building up slime and foam
- Effective against brown/black gills

## Biolivon-EX (Liver Care Supplement)

<b>Pack Size</b>
1 Ltr.

<b>Composition(per 1 Ltr):</b>	
Sorbitol	350 g
Vitamin A	225,000 iu
VitaminD3	1000 iu
Methionine	25 g
Choline Chloride	100 mg
Betain	40 g
Vitamin E	250 mg
Lysine	250 mg

### Biolivon-EX Benefits:

- Supply vitamins, amino acids and other nutrients for therapy growth
- Protects from liver diseases

## Biolivon (Herbal Livercare Supplement)

<b>Pack Size</b>
10kg

For uniform mixing, initially mix the required quantity of Biolivon with a small quantity of feed. Add this mixture to the total quantity of feed.

### Fish/Shrimp

- Protects from toxin & chemicals
- Ensures uniform growth & early crop
- Improves shell quality & helps regular moulting in shrimp
- Improves FCR

## Binto-X (High Quality Toxin Binder)

<b>Pack Size</b>
10kg

### Composition:

#### Toxin binders

- Bentonite
- HSCAS
- Dried Yeast
- Activated Charcoal

#### Mould inhibitors

- Organic Acids

#### Phytohepatoprotector

#### Lipotropic agent

- Choline chloride

### Binto-X Benefits:

- - Absorbs toxic gases from pond
- - Eliminates bad smell
- - Improves water quality
- - Ensures healthy pond bottom
